

Air Handling earns top honor as DP&L Channel Partner of the Year

L to R: Air Handling Sales Team Kurt Barhorst, Doug Barhorst, Aaron Lacy, and Zack Bosslet

Air Handling Equipment was recently recognized for their outstanding work with DP&L industrial customers. Air Handling has worked diligently with their customers to provide them with energy saving solutions through motor efficiency, variable speed motors and drives, and compressed air storage. Through this effort, Air Handling was named DP&L's 2010 Channel Partner of the Year, helping their customers take advantage of over \$100,000 in DP&L energy efficiency rebates. Air Handling's sales team is led by Kurt Barhorst and Aaron Lacy.

DP&L has awarded over \$3.6 million in rebates right here in the Miami Valley to end users in industry, business, and new construction projects. To find out more on ways you can save at work or at home, visit www.dpandl.com/save
